RE: Alan Hay reference

It is my pleasure to recommend Alan Hay. I have known Alan for over 15 years having previously worked with him for many years at a large brand and design agency in Sheffield. Over the last three years, Alan has been our 'go-to' developer when the agency I now co-own, 12 Miles North requires specialist website and digital support.

I would describe Alan as a highly effective and extremely competent developer, whose expertise and advice are greatly valued, and who we view as a trusted external partner. Alan is very organised and has excellent attention to detail in the work he produces. Alan has outstanding communication skills and always goes above and beyond to ensure the smooth delivery and roll-out of projects promptly.

Alan has provided us with web development and technical support on a variety of projects over the last three years, including recently creating custom WordPress HTML frontend templates with an intuitive content-managed backend, as well as various custom-coded HTML e-shot editable templates and website hosting support.

Alan has always provided realistic and accurate timings along with his availability for the projects, as well as providing clear and transparent costings.

I would, therefore, highly recommend Alan and be confident that he would demonstrate the same level of professionalism with any organisation.

If you have any questions, please don't hesitate to contact me.

Yours sincerely

Stef Stefaniuk
Design Director
